2021 AOTS Webinar [KROP08]

Corporate Revitalization by Practical Actions

-Organizational change starting from 5S-

Organized by The Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS) in cooperation with AOTS Alumni Societies.

BACKGROUND

The Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS) is an organization for human resources development mainly in overseas countries to promote technical cooperation through training, experts dispatch and other programs. Through those programs, we aim at contributing to the mutual economic growth of developing countries and Japan as well as enhancing friendly relations among those countries.

AOTS Webinar KROP08 "Corporate Revitalization by Practical Actions" is an online seminar (webinar) designed for company owners, executives, senior managers or 5S activity promotion managers who aim to revitalize companies and organizations through the practice of 5S activities.

OUTLINE

5S activities are an effort that has been valued by Japanese companies regardless of industry, company size, and time. Nowadays, the idea and activities of 5S are widespread in many companies around the world, but it is not easy to introduce and continue 5S in-house. The reason why it is difficult to continue 5S activities is that we see 5S only as a means to achieve a single goal, such as cost reduction.

On the other hand, if the practical actions of 5S become a routine and be established in the organization, the purpose can be newly created and achieved through 5S according to the times and circumstances.

The webinar will focus on the true effects of 5S and deepen understanding of why companies that can practice and continue 5S are strong. Participants will review their company from the perspective of the three spirits of management (Entrepreneurship, Utilitarian mind, Citizenship), and consider ways to strengthen the deficiencies in the three spirits through 5S. The webinar aims participants to learn how to practice 5S as a means of organizational change to overcome the critical business environment of widespread of COVID19, which has yet to show signs of convergence.

OBJECTIVES

We aim for company owners, executives, senior managers or 5S activity promotion managers to achieve the following goals:

- 1) To understand the three spirits of management (Entrepreneurship, Utilitarian mind, Citizenship), and understand which spirit is strong and weak in a participant's company.
- 2) To understand the history of 5S and the true effects of 5S activities.
- 3) To understand the strengths of 5S practice companies.
- 4) To understand the mindset of an executive or manager when practicing 5S.
- 5) To strengthen the specific management spirit that a participant's company has weakness among those 3 management spirits by formulating and implementing a 5S practice plan.
